YouTube, Google LLC	YSC	youtube.com	/	Session	Any	Advertising	Assigns a unique identifier to a user, when viewing a YouTube video, in order to keep statistics of what videos the user has seen.

Manage your cookies

How to manage and reject cookies

You have two options for controlling cookies:

1. Control of marketing and/or insights cookies
2. Browser settings (option to completely block all cookies)

1. Control marketing and/or insights cookies

You can control cookies in the marketing and/or insights cookie category via the cookie panel at the bottom of this page. Insights and marketing cookies will not be set unless you have given your consent to the use of these cookies.

We use marketing cookies to provide a better user experience when you browse our website. As an example, our video player and podcast component rely on functionality and cookies set by third parties such as YouTube and SoundCloud. We use insights cookies to allow us to understand your online behaviour, which is essential for improving and personalising your experience.

If you choose not to give your consent to the use of marketing and/or insights cookies, this will prevent all communication and functionality in connection with the associated tools. This means that you will no longer be able to engage with videos, podcasts and similar third-party content, nor will you benefit from a personalised online experience. In the cookie panel at the bottom of this page you have a complete overview of the cookie categories and the cookies. If you choose not to consent to the use of marketing and/or insights cookies, you can always consent to them later in the cookie panel.

2. Browser settings (option to completely block all cookies)

You can set or amend your web browser controls to accept or reject cookies. If you choose to reject cookies, you may still use our websites and some services.

Please be aware that restricting cookies may impact the functionality of a website. Many of the interactive functions offered by websites are dependent on cookies and disabling or blocking cookies can prevent these services from working or reduce their usefulness.

Different web browsers may use different methods for managing cookies. Please follow the instructions below, from the web browser manufacturers directly, to configure your browser settings*.

- Microsoft Internet Explorer (IE)
- Google Chrome

- Safari
- Firefox
